100% Committed to
Recycling

Environmental Policy

R.S Skips Ltd mission is to be "100% committed to recycling". The company is aware that its activities have a direct impact on the environment and will thus aim to one day recycle 100% of its waste.

R.S Skips is dedicated to meeting the following aims:

- Promote the best feasible environmental option for all types of waste streams.
- Continuous improvement in environmental performance, maximising environmental benefits and ensuring all necessary steps are taken to prevent pollution.
- Implementing targets that reduce negative impacts on the environment and increase positive impacts.
- Using energy and natural resources more efficiently and encouraging the development and use of alternative fuels and recycled products.
- Identifying and applying environmental improvement schemes to benefit the public, stakeholders and employees wherever possible.
- Complying with all relevant legislation, including environmental and health and safety, which represents the minimum standard.
- Providing sufficient information, training and supervision for all employees to ensure that they gain a better understanding of health, safety and environmental issues as well as the company's commitment, policies and programmes for protecting and improving the environment.
- Effectively communicating its policy to all employees and other stakeholders.
